

Barnardos Australia

Who we are

Barnardos Australia is a leading non-government, non-denominational child protection charity in Australia.

Barnardos believes all children and young people deserve caring families in which they can grow safely and fulfil their potential. We work together with children, young people and families to break the cycle of disadvantage, creating safe, nurturing and stable homes, connected to family and community.

Barnardos extensive range of services include, family and domestic violence support, mental health support, emergency accommodation, parent education, counselling, foster care and open adoption.

How we help

- Support for families
- Foster care, kinship care and open adoption
- Adolescent services
- Advocacy for children
- Case management systems
- Community support for all Australian children

Our history

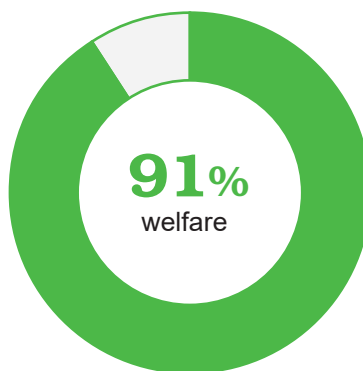

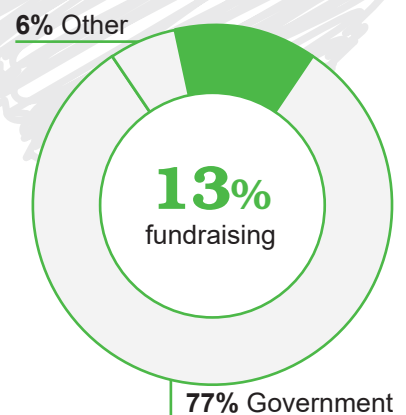

Barnardos Australia takes its values and direction from the work of its founder Thomas Barnardo. An Irish philanthropist, Barnardo discovered the extreme poverty children were experiencing and opened boys and girls homes in the east end of London in the late 19th century. Dr Barnardo collected donations so that no child would ever be turned away from his care.

Barnardos was founded in the United Kingdom in the 1800's and now has organisations in Ireland, New Zealand and here in Australia.

Where our money comes from

13% of our money comes from fundraising efforts (over \$13.6m).

In 2016/17, for every \$1 spent on fundraising we raised \$4.

Where our money goes

In 2016/17 over 90 per cent of Barnardos Australia's total expenditure was spent on direct welfare programs and services (over \$91.7m).

Our families

We believe every family is different and come in all shapes and sizes.
